

# **Series 58**

## **Slimline**

The Oslo Series 58 is an elegant decorative tracking system designed to tastefully blend into the ceiling making it one of the most popular residential tracks available. Measuring only 11mm deep the Oslo Series 58 truly is the definition of slimline.

The highly popular S-wave and standard runners are available in both hand and cord drawn options. Hand drawn tracks can be factory bent to a tight 150mm radius in both internal and external bends. Simple drawings with degree angle clearly stated is all that is required for bending.

Face fix brackets with cover plates are available.

Colour options available are White, Platinum and Black as standard.

Other colours available by powder coating.

### **Advantages:**

Standard ceiling fix brackets come pre-installed on the track.  
Cover plates for face fix brackets included as standard, hiding screws.

Stylish slimline design.

Roller Carriers.

Clear Wave Carriers.

Available in hand drawn and corded options – straight tracks only

Bendable - degree bend only 90°, 45° etc.
