

Series 61

29mm Curtain Rod System

The Oslo Series 61 is a modern 29mm Rod System with the option of 40mm rings with nylon inserts to avoid damaging the track available. Modern, classic and end cap finials compliment this cost-effective system.

The mild steel rod is available in three finishes – Chrome , Black Nickel and Stainless-Steel Effect.

Available as components only to allow you to tailor it to your own requirements.
